It is worth mentioning that the exhibition was an excellent opportunity for the AAU librarians to enrich the library with latest editions of books, and to AAU community to buy the most recent and valuable books, including the book entitled "My Story" by His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of UAE and Ruler of Dubai.

Organizing the book fair came from the library's keenness to raise the awareness of AAU community about the importance of books in seeking knowledge and scholarly research.
