Research and Scholarly Activity Outputs

The college enhances the quality of its research and scholarship by regularly evaluating its research output and scholarly activity in line with Al Ain University's overall research strategy and KPIs.

The college ensures that its research output is well documented, and includes a record of external grants and contracts awarded, the number and quality of peer-reviewed international journal articles, books and conference papers published by faculty members.

The faculty believes in informed teaching. The results of faculty research are incorporated into the upgrading and revision of curricula and are disseminated to serve the community and UAE's national goals.
